

“Dogs will eat anything, unless there’s a pill in it, then they become Gordon Ramsey”

Nutritional pet strips instantly stick to your best friends' mouth, preventing the beneficial nutrition from being discarded and wasted. With our **FlashRelease™** technology, the strips begins to dissolve instantly, improving bioavailability and time to efficacy.

Allergy & Skin Strips

MADE WITH:
FlashRelease
TECHNOLOGY

Skin and Allergy pet vitamin specifically formulated to support skin health and address common allergies in pets. This brief provides an overview of the key features and benefits, highlighting its potent blend of Omega-3, folic acid, biotin, DHA, and beta-glucan to promote a healthy skin barrier and alleviate allergic reactions.

Natural Ingredients: The supplement combines natural ingredients known for their health benefits, ensuring a safe and effective solution for pet skin care.

BENEFITS:

- **Supports Skin Health:** The inclusion of Omega-3 fatty acids and DHA helps nourish and moisturize the skin, promoting a healthy skin barrier function and reducing dryness and irritation.
- **Alleviates Allergic Reactions:** Contains beta-glucan, which has been shown to modulate the immune system, reducing the severity of allergic reactions, and supporting a balanced immune response.
- **Promotes Healthy Coat:** The combination of folic acid and biotin helps improve coat condition, enhancing its shine and minimizing hair loss.
- **Enhances Overall Well-being:** By addressing skin issues and allergies, can help alleviate discomfort, improve quality of life, and support overall pet well-being.
